609.877.1737

David Greenbaum, MD FACS  
Samuel Wasser, MD FACS  
Richard, Ing, MD FACS

### ***NOTICE TO ALL NEW PATIENTS***

**A medical work-up must be done prior to surgery and our doctors ask that patients complete four (4) evaluations. These evaluations are needed to get the proper clearances required to undergo Bariatric Surgery.**

- 1 PULMONOLOGIST EVALUATION**
- 2 ENDOCRINOLOGIST EVALUATION**
- 3 PSYCHOLOGICAL EVALUATION**
- 4 NUTRITIONIST EVALUATION**

**It is mandatory that you see these doctors unless you already have a pulmonary, endocrine, or psychiatric doctor. For your convenience, we have included a list of doctors and their respective phone numbers. It is up to you to make all the necessary appointments.**

**On an average, gathering all the necessary clearances may take between two to three months.**

- 1. Be proactive about making and keeping each appointment!**
- 2. Be prepared to carry through with any follow up that is recommended by any one of the specialist.**

**Aetna Us Healthcare, Cigna or Health Net or some of the smaller and/or local insurance companies may have additional requirements see “Homework for Patients” in this packet**

**Medicaid is not accepted by South Jersey Bariatrics for this procedure unless it is your secondary insurance.**

**If you should have any concerns while completing these evaluations, please contact Tina on Ext. 16.**

**Good Luck, and remember you are getting ready to “Step into a New YOU!”**

**South Jersey Bariatrics**
